

## WSGR EUROPEAN PRIVACY & DATA SECURITY PRACTICE

### Legal Internship Position

For more than 50 years, the law firm of Wilson Sonsini Goodrich & Rosati (WSGR) has provided cutting-edge legal services on sophisticated business issues. With deep roots in Silicon Valley, WSGR is widely recognized as the premier provider of legal services to technology, life sciences, and growth enterprises worldwide. We advise clients of all sizes on all technology-related matters and we were among the first to focus on privacy as a specialized practice. WSGR has 12 offices worldwide, including in the United States, Asia, and Europe.

#### Our EU Privacy & Data Security Practice

Led by Christopher Kuner, the chairman of the International Chamber of Commerce's (ICC's) Task Force on Privacy and the Protection of Personal Data, the firm's Brussels-based European Privacy & Data Security Practice assists clients of all sizes in complying with European privacy and data protection law. We advise clients on all facets of global, European and national data protection laws in a broad array of industries, including the Internet, cloud computing, technology, social media, digital media, finance, and healthcare fields.

Our lawyers are recognized for their deep experience, breadth of knowledge, and outstanding client service. Christopher Kuner was named as the "*go-to person for EU privacy*" in the Computerworld survey of "The Best Privacy Advisers" for two consecutive years, and as "*one of the best data protection lawyers in the world*" by Chambers Europe. One of our associates, Cédric Burton, was also recently recognized as a leader in his field and ranked as an "*Associate to Watch*" in Chambers Europe.

For more information, please visit [www.wsgr.com](http://www.wsgr.com) and our European website on the Draft EU Data Protection Regulation at [www.wsgr.com/eudataregulation](http://www.wsgr.com/eudataregulation)

#### Internship

For our growing European Privacy & Data Security Practice in Brussels, we are continuously looking for talented and motivated people who enjoy working in a sophisticated transatlantic practice. We value integrity and the ability to work well in a multicultural environment. We offer a high-profile and integrated work environment, challenging projects, and a competitive salary package.

If you are interested in learning more about our privacy practice, we welcome your application for an internship or a "Referendariatsstation" with us.

#### Candidates must:

- Have an excellent command of written and spoken English, plus at least one additional European language.
- Have a strong interest or professional experience in privacy and data protection.
- Hold (or be pursuing) a law degree from a European university and be able to present excellent academic results. An LL.M. from an English-speaking country is an advantage, but is not required.

*If you are interested, please send your application in English to Martine Noyelle at [mnoyelle@wsgr.com](mailto:mnoyelle@wsgr.com), quoting the reference "Privacy Internship."*
