The procedure to offline enroll LLM courses on offer is as follows:

- Student to indicate the LLM course that they want to enroll in latest by 10 Aug 2023.
- Each LLM course costs e\$20.
- Should there be insufficient seats for the THEMIS students, course allocation will be on first come first served basis.
- The THEMIS students are not required to bid for LLM courses. Registrar will enrol them into the courses.

Note: Only postgraduate students from THEMIS network are eligible for the selected LLM courses.

Please note that course offerings, even for core courses, vary from year to year and the list for next (and subsequent) years may be slightly different.

There should be at least 10 courses that will meet the Themis requirements that will run every fall term. Although we will endeavour to cater to each student's selection of courses --- due to limited slots in each course, competition for seats and our small class size --- we cannot ensure that they will get the courses of their first choice. Course enrollment is not under instructors' purview. Students, therefore, should not approach instructors directly in any circumstances to request for direct enrollment.
