The THEMIS experience contains three core elements:
- a semester abroad
- an international internship
- the THEMIS seminar

Semester Abroad
The semester abroad offers students the opportunity to acquire knowledge and skills in an international context. The actual duration of the student exchange is one academic semester (fall/winter semester).
Students choose courses from among a specific list of courses approved by the THEMIS network; students may choose to register for courses offered in English or in the local language of the partner institution.
During the semester abroad, students are required to take courses for at least 30 ECTS (or equivalent for non EU partner universities) and to pass at least 24 ECTS (or equivalent for non EU partner universities) of business law classes and/or international law classes in order to validate the semester for the joint certificate.
Students are allowed to enroll in one course (up to six ECTS) offered at the partner institution which is not a THEMIS-accredited course. The 30 ECTS required for the THEMIS program may not include credits for language classes.

Internship
An internship is considered to be an integral part of the THEMIS educational path. Internships give students the chance to put their academic knowledge into practice and begin developing their professional career. Students selected for the THEMIS program are required to participate in an international law internship. In order for the internship to be considered valid for the joint certificate it, must have an international focus, and, if full-time, it must last for a minimum of six consecutive weeks (minimum eight weeks if part-time).
If the student is unable to participate in an internship in a foreign country, then the internship must be conducted at an international law firm, the law department of, an international company, an NGO with an international focus or an international organization. Students’ home and host universities are available to assist participants in the internship search; however they cannot guarantee a place to all participating students.
THEMIS Curriculum

THEMIS Seminar
The THEMIS seminar provides students with a chance to delve deeper into an area of international law relevant to their academic career. It will focus on a different subject each year and will be conducted in English.

The seminar is usually held in the spring and is taught by professors of the host and partner schools, as well as relevant local notables. The seminar is hosted by partners on a rotating basis. Students are required to attend one THEMIS seminar during their participation in the THEMIS program. Travel, board and lodging expenses are the responsibility of each individual student.
